Dear Harold,

As promised, here are the clips on the TV show. (Also one on your Zapruder suit).

Re-lovelady: I thought you might be interested in reading my rough notes of a conversation with Bob Groden, in which he explains why he no longer believes it's Oswald in the doorway. Since that conversation I've had an opportunity to see what Bob produced photographically — and the lovelady checks are clearly apparent.

Don't forget to let me know if the $300 check hasn't arrived by about Nov 10.

With best wishes to you + Lil.

Yours.

David
